**SUPPLEMENTARY INFORMATION:**

**I. Background**

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent (i.e., employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accord with the Paperwork Reduction Act of 1995 (PRA-95) (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, collection instruments are clearly understood, and OSHA's estimate of the information collection burden is accurate. The Occupational Safety and Health Act of 1970 (the OSH Act) (29 U.S.C. 651 et seq.) authorizes information collection by employers as necessary or appropriate for enforcement of the OSH Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657). The OSH Act also requires that OSHA obtain such information with minimal burden upon employers, especially those operating small businesses, and to reduce to the maximum

extent feasible unnecessary duplication of efforts in obtaining information (29 U.S.C. 657). The OSH Act authorizes the Occupational Safety and Health Administration (“OSHA” or the “Agency”) to conduct education and training courses (29 U.S.C. 670). These courses must educate an adequate number of qualified personnel to fulfill the purposes of the OSH Act, provide them with short-term training, inform them of the importance and proper use of safety and health equipment, and train employers and workers to recognize, avoid, and prevent unsafe and unhealthful working conditions.

Under Section 21 of the OSH Act, the OSHA Training Institute (the “Institute”) provides basic, intermediate, and advanced training and education in occupational safety and health for state compliance officers, Agency professionals and technical-support personnel, employers, workers, organizations representing workers and employers, educators who develop curricula and teach occupational safety and health courses, and representatives of professional safety and health groups. The Institute provides courses on occupational safety and health at its national training facility in Arlington Heights, Illinois.

Students attending Institute courses complete the one-page Student Data Form (OSHA Form 182) on the first day of class. The form provides information under five major categories titled “Course Information,” “Personal Data,” “Employer Data,” “Emergency Contacts,” and “Student Groups.” The OSHA Directorate of Training and Education (the “Directorate”) compiles, for each fiscal year, the following information from the “Course Information” and “Student Groups” categories: Total student

attendance at the Institute; the number of students attending each training course offered by the Institute; and the types of students attending these courses (for example, students from federal or state occupational safety and health agencies). The Directorate uses this information to demonstrate, in an accurate and timely manner, that the Agency is providing the training and worker education mandated by Section 21 of the OSH Act. OSHA also uses this information to evaluate training output, and to make decisions regarding program/course revisions, budget support, and tuition costs.

The Agency uses the information collected under the “Course Information,” “Personal Data,” and “Employer Data” to identify private sector students so that it can collect tuition costs from them or their employers as authorized by 31 U.S.C. 9701 (“Fees and Charges for Government Services and Things of Value”); Office of Management and Budget Circular A-25 (“User Charges”); and 29 CFR part 1949 (“Directorate of Training and Education, Occupational Safety and Health Administration”). The information in the “Personal Data” and “Emergency Contacts” categories permits OSHA to contact students who are residing in local hotels/motels if an emergency arises at their home or place of employment, and to alert supervisors/alternate contacts of a trainee’s injury or illness.

## **II. Special Issues for Comment**

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the Agency’s functions, including whether the information is

useful;

- The accuracy of the Agency's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply; for example, by using automated or other technological information collection and transmission techniques.

### **III. Proposed Actions**

The Agency is requesting an adjustment increase of 160 burden hours (from 240 hours to 400 hours) as a result of the increasing number of students attending the Institute from 3,000 to 5,000 students. The Agency will summarize the comments submitted in response to this notice, and will include this summary in the request for approval to OMB.

Type of Review: Extension of a currently approved collection.

#### **IV. Public Participation—Submission of Comments on this Notice and Internet**

##### **Access to Comments and Submissions**

You may submit comments in response to this document as follows: (1) electronically at <http://www.regulations.gov>, which is the Federal eRulemaking Portal; (2) by facsimile (fax); or (3) by hard copy. All comments, attachments, and other material must identify the Agency name and the OSHA docket number (OSHA-2010-0022) for this ICR. You may supplement electronic submissions by uploading document files electronically. If you wish to mail additional materials in reference to an electronic or a facsimile submission, you must submit them to the OSHA Docket Office (see the

section of this notice titled “ADDRESSES”). The additional materials must clearly identify your electronic comments by your name, date, and the docket number so the Agency can attach them to your comments.

Because of security procedures, the use of regular mail may cause a significant delay in the receipt of comments. For information about security procedures concerning the delivery of materials by hand, express delivery, messenger or courier service, please contact the OSHA Docket Office at (202) 693-2350, (TTY (877) 889-5627).

Comments and submissions are posted without change at <http://www.regulations.gov>. Therefore, OSHA cautions commenters about submitting personal information such as social security numbers and dates of birth. Although all submissions are listed in the <http://www.regulations.gov> index, some information (e.g., copyrighted material) is not publicly available to read or download from this Web site. All submissions, including copyrighted material, are available for inspection and copying at the OSHA Docket Office. Information on using the <http://www.regulations.gov> Web site to submit comments and access the docket is available at the Web site’s “User Tips” link. Contact the OSHA Docket Office for information about materials not available from the Web site, and for assistance in using the Internet to locate docket submissions.

Electronic copies of this Federal Register document are available at <http://www.regulations.gov>. This document, as well as news releases and other relevant information, are available at OSHA’s webpage at <http://www.osha.gov>.
